VERY REV. WILLIAM J. MURPHY, S.J.

Every Catholic looks upon his Bishop as the source of divine authority in his life. He bears, through the Visible Head of the Church, the power of Peter from whom he is, supernaturally, a lineal descendant. The birth of every child, the life of every man and woman, the death of everyone of the faithful is his personal concern. He is vitally interested in the health and prosperity and in the development of the talents of all the members of his flock. He rejoices in the contribution that they make to the well-being and the culture of society. As the guardian of the Sacraments of Christ, he feels a particular responsibility for the spiritual progress and the holiness of each individual soul. He is to his people the Ecclesia docens, clothed in the robe of imperishable truth, interpreting the ever changing, ever challenging excursions of reason in the light of Revelation. He lives and labors under the special Providence of the Holy Ghost. St. Paul's "A Faithful saying: if a man desire the office of a bishop, he desireth a good work," is divine understatement.

A Catholic college must always look upon itself as a part of the Church teaching. It reaches to the outposts of human knowledge, extending

them whenever it can, but always seeking to understand their meaning, by whomsoever discovered. Yet its center is always revealed truth. It knows that old truth and new truth are one and that in the end one will illumine the other. In its mission of teaching, it stands close to its Bishop, seeking guidance and direction from him. When the Bishop is its own son, the union is particularly close, harmonious and strong.

When Archbishop Cushing was installed over the See of Boston, Catholic hearts were jubilant, none more so than those of Boston College men. In him they saw a friend, a brother, an exemplar of the highest personal virtues, a man of great heart to whom no human life was insignificant, a leader of great vision that swept over the universal Kingdom of Christ, a shepherd who would lead them lovingly, humbly, fearlessly, triumphantly. All graduates of Boston College feel that his honor is theirs—not only his honor but his hopes and labors and the riches of God's grace that will flow through him.

And this is the prayer of us all: God grant him many years and many blessings.

# ARCHBISHOP CUSHING

For the second time in the history of the Catholic Church in Boston a son of Boston College was elevated to the Metropolitan See when the Most Reverend Richard J. Cushing, D.D., received the crozier, the pastoral staff of authority, from the Apostolic Delegate, the Most Reverend Amleto Giovanni Cicognani, D.D., U.D., November 8 at the Cathedral.

Hundreds of dignitaries of Church and State witnessed the impressive ceremonies of the installation of the youngest residential archbishop in the world.

The happy selection of Archbishop Cushing to succeed the late Cardinal O'Connell by His Holiness Pope Pius XII has received universal approval as expressed in an editorial appearing in the Boston Pilot November 8. It stated: The Most Reverend Richard J. Cushing is an answer to prayer—to prayers which successfully countered his own. This eminence was no mere of his. But from monasteries and convents petitions ascended. Priests, especially the priests of the Diocese, made this the intention of their Masses. United with them were many outside the Church's fold. Perhaps the most ardent praye rs of all came from the hearts of the very poor and the hopelessly sick."

The alumni and especially the members of the class of 1917, the Archbishop's classmates, rejoice in the high honor that has been conferred upon him.

At the banquet following the installation ceremonies the Archbishop said in part:

"Joyfully I accept the burdens and responsibilities of my new office, trusting with all my heart in the Providence of God, remembering the examples of my predecessors and relying confidently on the united support of priests and people. Together we rejoice in the completed organization that restores to the archdioceses of Boston her fullness of life. Together we go forward to take our place in a new world-order.

"For a new order is in the making. It would be rash indeed to predict what it will be like, but it would be even more foolish, and a plain neglect of duty, not to attempt to read the signs of the times and anticipate as intelligently as we can the situation that will confront us. The principal problems already appearing on the horizon are intellectual skepticism and moral indifferentism. They do not attack Christianity, they ignore it. How, then, shall we meet them? By every possible means whereby individual souls can be reclaimed to the truth: by going after souls, with the selfless perseverance of the Good Shepherd.

"The work, if it is to be successful, must be done with great kindness; souls are precious and precious things must be handled gently. The work must also be done with humility. We shall do well to have before our minds the dignity of the priesthood, but that is not the dignity that demands to be saluted in the market-place, to sit in the first seats in the synagogue and to have the highest place at the table. The dignity of the priesthood is indifferent to personal prestige. It springs from the knowledge that we share the mediatorship of Christ, Our High Priest, Who is 'not come to be ministered to, but to minister.' Our concern is the ministry; the dignity will take care of itself.

"The post-war world is likely to have less respect even than the present-day masses for official status; in the democracy of the future the clergy will doubtless be asked unceremoniously for their contribution. A character modeled on Christ and a life reflecting His life may be all we have to offer, but how could anyone give more? Chaplains in this war have told us they are recognized 'as men among men.' It is for all of us to win recognition as Christ-like men among men. We should welcome a state of things that will bring home to us in sober fact that although, being shepherds, we have to lead our flocks, yet we are not by right the overlords of our people; we are their servants.

"And they are asking for our service, chafing for action, a flock after the very heart of that tireless shepherd, Pius XI. 'Remind the laity,' he wrote to Bishops 22 years ago, 'that when they go to work in earnest, both privately and publicly, under your leadership and the guidance of the clergy, to see to it that Christ is known and loved, then certainly they will deserve, in the highest degree, to be hailed as what Saint Peter called them, 'a chosen race, a royal priesthood, a purchased people.'

"I do not need to remind our people in this way; they are asking for leadership, organization, instruction. They long to give expression to the faith in a way that will make this a Catholic community, not in word only, but in spirit, in deed and in truth. All this means work, but it is the work that you have desired. You now have the 'green light'—go forward, full speed ahead, reclaim the lost, strengthen the weak, mobilize the strong! We know better than to be troubled about what may happen to us in this world; nothing can come but what God wills or permits. Free from any thought of self, we can put our whole mind on this work that our people ask for us, 'that they may know Thee.' "

At the installation of Archbishop Cushing many members of the Association participated actively in the ceremonies as indicated by the following:

# FATHER RYAN BISHOP OF VERMONT

REV. EDWARD F. RYAN, D.D.  
Class of 1901  
Bishop Elect of Burlington, Vermont

It was announced this month that Rev. Edward F. Ryan, D.D., class of 1901, Pastor of the Church of the Holy Name, West Roxbury, had been appointed Bishop of Burlington, Vermont, by Pope Pius XII.

The Alumni take pride in the honor bestowed upon Father Ryan, and heartily congratulate him.

His Excellency Archbishop Cushing will consecrate Father as Bishop of Burlington at ceremonies to be held in the Cathedral of the Holy Cross in Boston at an early date.

After graduating from the College in 1901, Father Ryan studied at the North American College in Rome, and was ordained in 1905. He received the degree of D.D. in 1906. He served as curate at St. John's, North Cambridge, Immaculate Conception, Malden, St. Peter's Cambridge, St. Patrick's, Stoneham, St. Agnes', Arlington, and St. Catherine's, Norwood. Before coming to West Roxbury, he was pastor of Our Lady's, West Concord.

In the last war Father Ryan was a chaplain with the 89th Division in France.

## MEMORIAL MASS

A Memorial Mass was celebrated November 22 at the College for the 73 students and alumni who have died in this war. The list of deceased will be found on page 10. The officers of the Mass were: Celebrant, Rev. William J. Murphy, S. J., President of the College; Deacon, Rev. Stephen A. Mulcahy, S. J., Dean of the College; Sub-Deacon, Rev. Vincent de Paul O'Brien, S.J., Dean of the Intown School, Master of Ceremonies, Mr. George J. McKeon, S.J.

The sermon was delivered by Rev. James L. McGovern, S.J.

In the congregation were the relatives and friends of the deceased, members of the Alumni Association, and the students.

## WAR FUND

The War Fund is a success.

Inaugurated last February by the Alumni Association with Jeremiah W. Mahoney, '21, as Chairman, as a result of drastic reductions in income caused by a decreased wartime student enrollment, it reached the total of \$271,000 this month. The goal had been \$250,000.

The officers of the Association take pride in this generous manifestation of devotion to the College by the alumni, and express their heartfelt gratitude to those who have contributed, to the hard working members of the committees, and to the unselfish efforts of Chairman Mahoney. They also express their gratitude to the many friends of Boston College, Catholic and non-Catholic.

## STUDENT ACTIVITIES

In ordinary times extra curricular activities would be well supported by the students, but in wartime when the enrollment has decreased 75% most of the clubs and organizations experience difficulties in surviving. Despite this the students are determined to keep as many going as possible. The Heights is no longer a weekly, but does succeed in appearing every two weeks. It is staffed primarily by lower classmen. The Stylus, formerly a monthly, will appear when enough material is gathered by the editors. The Fulton and Marquette Debating Societies, after a difficult time last year, will meet as usual. As for the language clubs, the French Academy under the direction of Mr. Andre de Beauvivier, and the German Club have started weekly meetings. The Classical Academy has decided to print once again its publication *The Humanities*.

# RED MASS

The Red Mass was celebrated for the fourth time October 7 at the Immaculate Conception Church, at which the Most Reverend Richard J. Cushing, D.D., addressed the congregation.

In 1941 the Law School introduced to New England the Red Mass which is the Solemn Votive Mass of the Holy Spirit celebrated at the beginning of the judicial year, and attended by the judges and lawyers of all religious faiths.

The order of the procession into the church was: Acolytes, the Law Faculty, Representatives of other Law Faculties, Representatives of the Bar Associations, the District Attorneys of Massachusetts, the Corporation Counsel of Boston and Staff, United States Attorney for Massachusetts and Staff, the Attorney General of the Commonwealth and the Staff, the Mayor of Boston, the Justices of the District Courts of Massachusetts, the Judges of the Probate and Land Courts of Massachusetts, the Justices of the Superior Court of Massachusetts, the Judges of the United States District Court, the Judges of the United States Circuit Court of Appeals, the Chief Justice of Rhode Island, the Chief Justice and the Associate Justices of the Supreme Judicial Court of Massachusetts, the United States Senators from Massachusetts, His Excellency, the Governor of the Commonwealth, the Officers of the Mass.

The Marshall of the procession was Charles S. O'Connor, '99. The reception committee included John A. Canavan, '18, Chairman, B. A. Brickley, J. A. Brett, '88, J. J. Burns, '21, J. N. Clark, J. A. Dorsey, '94, W. T. A. Fitzgerald, F. P. Garland, H. M. Leen, '29, D. J. Lyne, J. W. Mahoney, '21, F. W. Mansfield, J. M. Morrison, C. W. O'Brien, '33, L. A. Reid, A. W. Sullivan and J. J. Walsh, '15.

Archbishop Cushing said in part:

"The roots of the evil in the world today are imbedded in the practical belief that God and His Law do not belong in the society. They are buried in the belief that so-called 'immutable principles' most accommodate themselves to the facts of experience; facts are represented as stubborn things and unyielding while laws are falsely expected to be elastic and pliable to the turn of the events. We are even taught not to look for God in law 'I am the law,' says the dictator. If such doctrines are not openly preached, they are certainly reflected in the conduct of individuals and nations. But if there is no Will of God in law, there is no morality. If there is no morality, then might makes right. The only sanction becomes some form of force: the force of money which is capitalism; the force of steel which is militarism; the force of the masses which is Nazism, Fascism, and Communism.

Your Honors, we know that force cannot breed peace, even though it may impose the terms of peace. The influences that are to renew the face of the earth must spring from the hearts of men. Peace begins at home, in a man's heart, and its course lies along the way of life chartered by the laws of God; it must begin in the temporal order with a return to the Natural Law.

Pope Pius XII put his finger on this fundamental need of society when he wrote: "One leading mistake that we may single out as the fountain-head from which the evils of the modern states derive their origin is the setting aside of one universal standard of morality—the Natural Law of God." That Natural Law is another name for the plan of God implicit in His Creation, in the essences He gave to things. All the positive enactments of the Church or State must, therefore, be founded on it. And when they are so founded, they cannot be dismissed simply as man-made laws, for laws so made, are from God. They are the expansion of the Natural Law made necessary because the Natural Law is not sufficiently detailed for the proper control of all the complexities of human life."

The Alumni at home extend greetings of the Christmas season to their fellow Alumni in the service wherever they may be, with the fervent wish that in 1945 they will enjoy the feast of the Prince of Peace with their families in a world at peace.

# THE 1944 FOOTBALL SEASON

NATHANIEL J. HASENFUS, '22

When a college whose student body drops from 1600 to 300 is willing to sponsor a football team, every alumnus of that college should stand up and cheer! But when 94 boys out of that tiny student body report for the team, every lover of athletics—student, graduate, or just every day sports follower should join in the chorus! That indeed is just what sports for sports' sake really is. And Boston College, Father Murphy, John Curley, Moody Sarno, and every one of the hundred that made this year's team possible are to be congratulated, for once again Boston College has kept faith with those of us who years after have stoutly maintained the Boston College has always stood four-square for sports for the sake of the game itself and for the good of the boys. Just as many B. C. boys as ever before have benefited by the game this year. True, the squad was not so well experienced, not so polished, not so rugged as were the boys of the Sugar Bowl and Cotton Bowl and Orange Bowl years. True, no Jimmy Fitzpatrick nor Chuck Darling boomed lofty punts down the field; true no Charley O'Rourke nor Phil Corrigan passed opposing teams dizzy; no whirlwind backs like Ben Roderick, Al Weston or Frank Maznicki blazed their way to All-American fame, but just the same, the Eagles of Boston College have done all right for themselves. Stars there were this year in the squad of 17-year-olds; few better backs have appeared than Jim Elliot, Tom Seymour, John Rabbett, Jim Casey, and others; few more inspiring leaders have appeared than Donelan and Baleyko, and few teams at the Heights have ever showed more spirit and determination. Recently a Greater Boston coach came all-out for so-called "informal" football and criticized those writing down the efforts of the younger lads who are keeping the college sport alive at B. C., Tufts, Harvard, and in other colleges. With him I personally agree: the name "Informal" seems to be a misnomer. It may be "inferior" football as far as perfection goes, for after all most of the boys are freshmen, but it is not "Informal." Yet, in 1943 Melville Webb said after the B.C.-Harvard game, "If this is informal, let us have more of it." Football is football, and if the teams play their own equals, the competition is just as keen as it ever was. Only once this year did Boston College go out of its class, and that was an un-

avoidable mistake, for the game with Melville P. T. was scheduled early, before John Curley knew that the club was to be an aggregation of stars drawn from all over the country. All Boston expected a contest with a local service team such as represented Camp Edwards in 1943.

The season all in all was very successful. Handicapped by having only two regulars from 1943—Co-Captains Baleyko and Donelan—and one other letter-man—Bill McCarthy—Coach Sarno, assisted by Ed Minahan an old Eagle of 1919, turned out a team that never quit, a team that improved in the second half of every game that it played. Although having no benefit of scouting in any game save that with Holy Cross, the Eagles stopped every team that it played once Sarno had the opportunity to see the offense. And in the Syracuse and Brooklyn games, the teams came back to snatch victory from imminent defeat just as had the clubs of Frank Leahy.

The season opened with the Crimson at Cambridge, and once again the brand of football played showed the sports authorities at both institutions that the game is a natural one for Boston. 44,000, the largest football crowd of the year, saw a stubborn, inexperienced B.C. team, playing its first game, threaten Harvard, with three games already tucked away and ending the first half of its schedule. The score 13-0 does not tell of the courage of the Heightsmen, for in the second half, the Eagles forced the play continually and threatened until the very end. Ed Cronin, Sammartino, Jim Elliot did yeoman service for Boston, while Pierce, Sweeney and Cowan excelled for Harvard.

Victory smiled on B.C. then three times in a row, for C.C.N.Y., N.Y.U., and Syracuse fell in order. The stars of these games were Elliot, Ed Walsh, Robbett, Donelan, Baleyko, and both tackles, Barrett and King. City College was defeated 33-0, Carney, Casey, Walsh scoring once and Rabbett twice. Elliot was the big gun in a 42-12 victory over N.Y.U., met for the first time, but originally scheduled for 1943. Elliot crossed the last white line three times, and Reardon, Griffin, and Rabbett once each as the potent Eagles ran 460 yards for the largest score of the year. Capozzoli starred for New York, his punting and passing being of high grade, the Violet completing seven out of

the ten passes attempted. Syracuse, not met since 1924, when Joe Koslowsky's team played at Syracuse, was defeated in a rip-roaring second half. Trailing at half time, the Eagles put on one of the most inspiring afternoons of the local season, for two touchdowns in a flaming third period brought victory over a fighting and well-trained Orange eleven. A new star blossomed in this game, "Tot" Owens, at quarterback, who passed beautifully, once to Tom Carney for a gain of 68 yards, and then to Cyril Bowdring for 28. Elliot led the way with two touchdowns and Carney scored the third. The thrill of the day was Dolan's 88 yard touchdown run from kickoff.

A stunning defeat followed when P.T. took the field the first time. Unknown and unscouted, the service team dominated every minute of play before 12,000 at University Heights, and the B.C. team with nine freshmen, was thoroughly whipped by the collection of stars from the P.T. boats, many of whom had seen service with the best college teams of the land. Among the men appearing were Dave Zoller from Kentucky, Berger from Syracuse, Lennie Thom, All-American from Ohio State, Tom Vohs of Colgate, and Steve Levanitis of B.C. Sugar Bowl fame.

Two weeks' rest brought the Eagles back for the most thrilling game of the year—a heart-stopping 24-21 up-hill fight against Brooklyn College that had a 21-6 lead. Evenly matched, the two B's fought tooth and nail, and in the very closing minute, the Eagles were lucky to escape defeat, for a final fourth touchdown was lost by Brooklyn because a lateral pass was thrown forward. Brooklyn featured a grand player in Curran, a 6-ft. 3-in. end who was Urban-like as a receiver. Curran leaped high to pull down a pass one-handed for the first score. Six points came to the Eagles when Elliot scored after a drive; then Leder took a pass for the second Brooklyn tally. Curran made the third score to run the count up to 21-6. Elliot scored a second touchdown with a scintillating 84 yard run; then in the fading minutes, Ed Walsh ran beautifully for 91 yards and the victory.

The game with Holy Cross was anticipated both by the heavily favored Crusaders and the under-dog Eagles. Entering the contest 4-1 choice, the Worcester eleven by dint of a baffling offense ran up a 30-0 lead before the never-quitting Eagles, who sparked by Owens, staged a sensational rally to score twice and to win the admiration of the 30,000 present. Holy Cross, too strong in the line, was held 0-0 for the first quarter, B.C.'s defense helped by a splendid kick by Tommy Seymour. Holy Cross went to town in the second and third periods, a short punt putting the Crusaders in scoring position for the first score and a long pass scored the third. Yet the Eagles showed the courage that has featured their play all year, and the thirty

## RYDER DINNER

Jack Ryder will be honored in December at a dinner given to him by hundreds of former trackmen, both of the College and the B.A.A. They will gather to observe Jack's 25th anniversary as Track Coach at the Heights.

The dinner will be held Wednesday, December 13, at 6:30, at the Hotel Lenox. The Chairman of the committee is Nathaniel J. Hasenfus, '22, who will introduce the Toastmaster of the evening, William Arthur Reilly, '25. Serving on the committee are: Louis Welch, '25, Bill Dempsey, '20, Ed Murphy, '23, Huck Finnegan, '25, Jake Driscoll, '22, Bob Brawley, '20, Phil Dillon, '25, Bob Simmons, '19, Ed Bell, '22, and John P. Curley, '13. Representing the B.A.A. are Tom Kanaly and Colonel Walter Brown. Tickets may be obtained from the committee.

points that the Purple piled up in the two middle periods failed to dampen their spirit, for they came out fighting in the final canto to drive 80 yards in a blazing aerial attack with Owens passing to backs and ends relentlessly for one first down after another, Elliot driving over for the score. With five minutes remaining to pay, B. C. took the ball again and drove for another score, Owen again passing brilliantly as this 5-ft. 4-in. Connecticut boy dominated the whole fourth quarter. Fenway Park cheered the gallant efforts of the Maroon and Gold, the team that all year long has played its heart out. Ed Walsh played one of his best games, while Donelan was a tower of strength. The work of the Eagles, glorious in defeat, proved without a doubt that the B. C.-H.C. games should be played each year despite war or "informality."

## 1914

**JOHN S. KEOHANE**

12 Acacia Avenue, Chestnut Hill

 The Class of 1914 extends congratulations and felicitations to our most illustrious contemporary the Most Reverend Richard J. Cushing on his installation as our beloved Archbishop. AD MULTOS ANNOS! We take pleasure in recalling that he entered the Freshman Class during our Senior Year which was also the first year at the Heights after our removal from James Street. He is well remembered by many of us from those days when the College had an enrollment hardly larger than today's and the Tower Building had only been recently erected. He has already honored our Class by having our Class President, **Very Reverend Eric F. MacKenzie**, STL, DCL, as Deacon of the Pontifical Mass of Installation. **Monsignor Bob Barry** was also prominent in the Professional of the Hierarchy. We regret to note the passing on.

## 1915

**PHILIP J. BOND**

18 Hauston Street, West Roxbury

 **John J. Twomey** has been recently promoted to the rank of captain in the United States Navy, his commission retroactive to August 21, 1942, when he was severely injured during action with an enemy naval craft. He was hospitalized for several months after that action, but is back again in active service in the European area. For "heroic and courageous" conduct as a commanding officer during that engagement he was awarded the Navy and Marine Corps Medal by President Roosevelt. The new captain's wife and five children reside in New Rachelle, N. Y.

**Thomas A. Donnelly** has recently been promoted to the rank of lieutenant colonel. Tom is Industrial Protection Officer in charge of three hundred insurance inspectors who inspect war production plants in New England.

**Andrew L. Wessling's** son was wounded in action in Germany. Andie now resides in Norwood.

**Stephen J. Harrington** has returned to his Cambridge home—125 Antrim Street—from a New York hospital where he was under treatment for an injury received in World War I while a member of the Marine Corps.

**Rev. Philip J. Coyne**, pastor in Troy Hills, New Jersey, spent his vacation as usual at Mason, New Hampshire, in the Monadnocks.

**Dr. James F. Gallagher**'s son, James Jr., is in the Navy Medical Unit at Tufts College.

**John E. Burke**, teacher-manager of the Peabody High School football team reports a successful season.

**Paul L. Flynn**, President of the class, announces that the drive for the class gift to be presented to the College next June—the thirtieth anniversary of the Class of 1915—will begin soon.

## 1916

**AMES L. O'BRIEN**

1 Pondred Circle, Jamaica Plain

Since our scholarship started in 1938, sons of 1916 have had \$1000 applied to their tuition.

We extend our sympathy to **Fr. Edward C. Daly, O.P.**, on the death of his father.

Our 28th Annual Banquet will be held during Christmas week and "Carens" of the Traveler will be our special guest.

At the present time two sons of 1916 are at B.C., Al Smith's boy and young Jack O'Keefe.

## 1917

**THOMAS D. CRAVEN**

2 Mellen Street, Dorchester

**Most Reverend Richard J. Cushing, D. D.**, was installed Archbishop of Boston in one of the most colorful and impressive ceremonies in the presence of the largest and most distinguished group of prelates of the Church at any religious event in Boston. We, of his class, know that he will face the arduous tasks ahead of him with the same courage, skill and religious fervor with which he has conducted his religious and charitable works in the past. Despite the many tasks he had faced and the many honors which have been bestowed upon him, he has retained that personal charm and magnetism that made him so popular as a young man and beloved and revered as a priest. 1917 salutes Alma Mater's most distinguished son.

**Father Tony Laverty** has been assigned to the Cenacle on Lake Street as chaplain. After having steered our class through the War Fund drive for the College and having given much of his time and energy to the committee in charge of the War Fund drive Father Laverty had to give up many of his activities for the good of his health. The parish of St. Catherine's in Charlestown lost the services of a very energetic curate and our class came close to losing the leader who has guided us for many years. A committee of the class would not listen to the acceptance of his resignation but until he is fully recovered this committee will carry out his plans.

**Dyker Hoeffling** has been transferred from Buffalo to New York City. Perhaps we'll see more of him in the future.

**One of our former classmates** whom we have not heard from in a long time is **Rev. Michael J. Murray**. Father Mike, as he is affectionately known in Texas, is resident chaplain at St. Anthony's Home for the Aged, in Houston. He is one of B.C.'s most faithful supporters.

**dere john:**

it was just twenty-five years ago that forty thieves were going through their senior year at the heights and by the time this issue of the news is in the mail they will have had their twenty-fifth annual reunion and banquet which according to present indications should be the biggest ever and should provide a source of notes for the next issue but of course i realize that doesn't do this issue any good and you know by now from the way i'm dragging this out that i haven't much for you for this one except that we found **john linehan** after all these years out in muskegon michigan building a defense plant for the defense plant corporation a subsidiary of reconstruction finance corporation and that crack in the last issue about the few boys from '20 left in active service kicked back on us right where we needed it the most because we heard from **father charlie riley** who is in the european theatre and also from **sergeant alban mac-**

In all, almost 60 members of the class enjoyed the evening. Among them was Mayor Arthur Fowley of Lynn and Father Frank Morrissey.

FRANCIS L. FORD

26 Ellison Avenue, Dorchester

**H**ope you saw the fine picture of classmate and chaplain, Lieutenant Edmund G. Barry, U.S.A., which appeared in the special issue of the Boston Pilot, Wednesday, November 8. Father Ed has been overseas since December, 1943, and is now serving somewhere in France. Previous assignments of his were at Niantic, Connecticut, Fort Andrews, Boston, and Fort Devens, Mass. He had also served as a C.C.C. chaplain before joining the Chaplains Corps in June, 1942.

Now let's look at the offspring of some of the classmates. Matt Butler, English teacher at Brighton High School, has two sons at B.C. High—one a sophomore; the other, a freshman. Myles McSweeney, Jr., one of Myles' six, is also a sophomore at James Street. This lad has already made quite a stir with his English ability. You wouldn't suspect that the "Old Man," in a breather from the duties as City Editor of the Boston Daily Record, is doing the kid's home lessons. These Irish, you know! Cece McGoldrick's daughter, Mary, enrolled at Regis College this year. Bob Gorriety, one of T. Edmund's stalwarts, is regular guard on the St. John's Prep team at Danvers, Mass. Ed's older lad is on the Exeter foot-

ball squad, and can point with pride to a touchdown which he scored this season. Let's hear about the accomplishments of more offspring.

**Dr. Len Morrissey**, plus son, played in the Father-and-Son Golf Tourney at Winchester not so far back. Other good golfers tell me that Len is (and quote) "GOOD".

**Captain Charles Engewald** was the first U.S. Army priest to say Mass in Germany.

Pretty sure I saw, on the front page of the Boston Post, a picture of Veterans of World War II, supporting the candidacy of Mayor Tobin for Governor, in which **Lieut. Owen A. Gallagher**, Navy, was outstanding. That gang surely helped the successful campaign.

**Tim Tully**, formerly a captain in the Army, is back in civilian life, having resumed his duties as English teacher at Brighton High School. Tim looks fine.

**Lieut. Ed Fogarty**, Navy, who was a big shot at Colgate for a long spell, is now stationed at Chapel Hill, North Carolina. He recently visited the faculty at Dorchester High School for Boys where he was an English teacher before entering the service.

Glad to see **Tom Eccles** of English High School has been made chairman of the Special Research Committee of the Boston Schoolmen's Economic Association. Indefatigable is a word that fits Tom.

Your reporter-president and **Ed Garity** were the guests of Father Rector at a dinner given to the workers on the successful War Fund Drive in the Philomatheia Chalet in mid-October. **Gerry Coughlin** has begun his English courses this season for University Extension. Gerry, by the way, gave invaluable assistance to the very capable Miss Helen Gorrity (Ed's sister) in organizing the stupendous Fall and Winter schedule of the Extension Department.

Last thought, now; first thought, later—Laetare Sunday.

## 1924

ANTHONY E. LE BLANC  
45 Moynard Street, Arlington

**Tom Collier's** family was recently increased to four children. It was a girl. Tom is sub-master at the Robert Gould Shaw School in West Roxbury.

**Tim Cronin's** family consists of three children, two girls and one boy. Tim

is also connected with the Boston Public Schools, being connected with the Solomon Lewenberg in Mattapan.

**Joe Dwyer** is also an important cog in the Boston School system, being at present sub-master at the Oliver Hazard Perry in South Boston. Joe is married and has three children.

**Cene Campbell** is manager of the business offices of the New England Tel. & Tel. Co. in Newton.

If any of you fellows think that preparing these "class notes" is easy, you are in for a surprise. Unless I get more cooperation in collecting material for the next edition, somebody else will be "stuck" with the job. The telephone is a handy "gadget" and the Post Office still has a stock of "penny postcards". Let's hear from, or about, some of the "missing" brothers once in a while.

## 1925

WILLIAM ARTHUR REILLY

Congratulations to the Class on the

good showing in the Boston College War Fund.

Our total donations did not equal those of the other classes in our five year group, but what is most important is that the number of givers numerically was among the largest of any class even including recent classes two or three times our size.

**Capt. Jack Dempsey** of radio and scientific fame is in charge of visual aids and instruction for the First Service Command.

**Jack Donahue's** North Quincy High football team pulled one of the real upsets of the season when it defeated Abington High, the Class C Champion.

If you want a berth on the New York, New Haven and Hartford Railroad, contact **Harold Jenkins**, the Assistant to the Chief Engineer.

**Ray Leahy** recently succumbed to cupid.

If you are thinking of stealing anything from the City of Boston, beware of **Tommy Murphy**, who has forsaken his position with the State Civil Service Commission to do some sleuthing for the Boston Finance Commission, the "Fin Cam" to those whom it is pursuing.

**Bill Ohrenberger** reached the peak of his officiating career when he kept the Army and Navy football teams from helping the enemy by annihilating each other. **Joe McKenney** worked at the Notre Dame-Dartmouth game at Fenway Park.

### LLOYD L. DOYLE

279 Bowdoin Street, Dorchester

 Sometime in December, tentatively Saturday, December 23, at a Boston hotel a class reunion will be held. Look for newspaper announcements and notification through the mail. Many of the boys from out of town should make this event.

Local newspapers carried the story of **Lt. Comdr. Jos. Doyle's** suggestion of a 24 hour Blood Bank Service. The doctor, despite his arduous tasks in the Pacific, is always in there pulling for the common good.

Saw **Gordon Lynch** at a local political rally. He is now with the War Man Power Commission.

At a recent meeting of a class committee consisting of the President, Secretary, **Fr. Luke McGowan**, **Jerry McCarthy**, **Frank Geary**, **Ted Hoppe** and **Charlie Murphy** it was decided that we should make the following plans:

1. Have a dinner on December 28. An opportunity for a real happy get together.
2. Plan to have a class retreat some week-end at Andover in the Spring.
3. Have an outing next Spring with the wives or girl friends of the class members.
4. Make our 15th anniversary even more memorable than our 10th.

## 1931

**John C. Gill**

35 Medford Street, Arlington

The Class has been saddened during the past month by the passing of two of its most loved members—**Rev. John J. Donohue** of Taunton and **Russ Williams**. Father Donahue, who had been in poor health for two years, had apparently enjoyed a complete recovery and returned to his duties at St. William's Parish in Fall River only to be stricken suddenly by a heart attack to which he succumbed in two days. Russ was stricken with pneumonia, and after two or three days, when he apparently was on the road to recovery, took a turn for the worse and passed away suddenly. Two of the most popular members of the class — their passing will be mourned by all and their faces missed on every occasion when the members of '31 meet. To the families of the deceased the class extends its most profound sympathy and the assurance of their continued prayers. R.I.P.

Among the recent visitors to Boston was **Frank Bertsch**, controller of Electrical Corporation, Kingston, New York. A son was recently added to the Bertsch family. Frank reported a visit to **Bill Walsh** who is now one of the powers-that-be with General Aniline Co. in Greenbush, N. Y.

Among the latest to go down the middle aisle to the strains of Lohenirin are **Lt. Joe Doherty, USNR**, of Andover and **Eddie Truman**. Joe is stationed in Boston at 150 Causeway St., and Eddie is teaching in the Boston school system.

A letter from **Lt. Henry Leen**, together with his contribution to the Boston College War Fund, came recently from Australia, where Harry is on a special assignment with the Australian Army.

**John "Martin" Walsh** has moved to Brighton but is still maintaining his

interest in the Pere Marquette Council of the Knights of Columbus, where he is editor of the paper.

**George O'Connell** is teaching math in the Boston schools and conducting classes in physical education.

**Dr. Charles McGee** was married in Jackson, Michigan, last September to Miss Margaret Folk.

## 1932

Recently home on furlough was **Ralph Noonan**. Ralph is a lieut. col. in the U.S.A. He has been in the South Pacific for over 2 years, being in charge of Army supplies.

**Bill Bennett**, '32 gift to the F.B.I., has recently been transferred to Conn.

**Harry Downes** is having great success with his football team this year at Brookline High. As the season nears its conclusion his team has lost only one game.

Your correspondent ran across **Fr. Frank Finnegan** at the Dartmouth-Notre Dame game. Fr. "Fran" keeps himself in good shape. He still looks as though he could play 9 innings around second base.

Please forward any news concerning our classmates (marriages—births—changes in position—promotions in the service, etc.) to me as soon as possible. Due to the war and expediting material for a local Navy manufacturer I am unable to meet people as of old.

**Dr. Frank O'Connor** is a flight surgeon in the Army Air Corps, stationed at Forest Field, Victoria, Texas.

Congratulations to **Tim Sullivan** on the arrival of his third boy. He and

**Joe King** are treading right on Crosby's heels.

The entering class at the Law School finds among its members **Frank Connor** and **Matt Connolly**.

**Lieut. Frank Shea** is Q.M.C. Claims Officer at Camp Lee, Va. I have it on the best of authority that Frank is planning to "middle-aisle" it soon with a young lady from Minnesota. Frank reports that he recently ran into **Charlie Stiles** who is also stationed at Lee.

Our sincere sympathy is extended to the family of **Ken Collins** who passed away in September, 1943. May his soul rest in peace.

**Lieut. Ed Kennedy** is now stationed in Salt Lake City, Utah, where I am told a four cord flush always beats a pair.

**Fred Boyle** has left the Gillette Co. and is now engaged as a chemist with the Socony Vacuum Oil Co. Congratulations to **Justin McCarthy** on the arrival of a baby girl in his household.

**Henry Plausse**, Natick High Coach, has entered his name in the contest for the title of the first daddy of twins in the class. WILLIAM J. FITZSIMONS  
40 Court St., Boston 8, Mass.

 REMEMBER? We are still trying to bring our class list up to date. We can't do it without your help. Please assist us. Drop us a line stating your most recent addresses (home and business or service), your telephone numbers, your occupation and a little information about yourself. Don't be bashful! (If you can't or won't write, we hope that some member of your family will oblige.)

It was with deep regret that we learned of the deaths of **S/Sgt Arthur J. McSweeney** and **Lieut. Bernard M. Moynahan**, both of whom died in the service of our country. The class extends its sympathy to the families of these two classmates.

Our annual Communion Breakfast was held on Sunday, September 24, at the College. Mass was celebrated at 10:00 a.m. in the Chapel, after which breakfast was served in the new meeting room located in the basement of the Tower Building in the section formerly occupied by the Athletic Association. Father Rector and Father Mulcahy spoke briefly of conditions at the College due to the war. Father Low, S.J., the principal speaker, discussed the current problem of Communism. **Al Rooney** was in charge of this event and is to be commended for his untiring efforts that made the Communion Breakfast so successful.

**Chaplain A. F. Montero**, U. S. Army, is the newest member of our class. Father Montero, S.J., is a Filipino and was educated by the American Jesuits at Manila.

He was ordained in this country two years after coming to our shores from Rome at the outbreak of the war. Father Montero gave us a very interesting and inspiring talk on the work of Holy Mother Church in his native land. Among the Jesuits whom he met in the Philippines was our former Professor, Father Russell Sullivan, S. J. Chaplain Montero so endeared himself to us in the short time that we knew him that by the unanimous vote of all present he was made an honorary member of the Class of '35. We sincerely hope that at some time in the future our Filipino classmate will honor us by his presence at a class function.

We wish to extend our sympathy to **Gerry O'Hara** on the recent death of his wife.

**Father Jack Dunne** is now an Army chaplain at Camp Barkeley, Texas. Incidentally, he graduated from the Chaplains' School in the same class with our classmate **Father Montero**, S. J., who is now stationed at Fort Lewis, State of Washington.

**John T. Kenney** is a lieutenant in the Navy and is assigned to the Armed Guard Group.

**Dr. James A. McLaughlin** is also a lieutenant in the Navy. He is an instructor at Norfolk, Virginia.

**Lt. David (Frank) Cowhig**, U. S. Army is in Italy and recently visited Rome. He was privileged in being granted an audience by the Holy Father. Frank also visited the Sistine Chapel, the Catacombs and many other points of interest in the Eternal City.

**Father John Downey** and your correspondent became a member of the Fourth Degree in the Knights of Columbus at the recent Exemplification in Boston.

**Joe Sweeney** is now overseas with the Army.

**Hubie Ward** is now a teacher at Bridgewater High in addition to being the coach of baseball and basketball.

**Bill Coffey** is in the Navy and is presently stationed at the Medical Supply Depot in Brooklyn.

**Roy Lynch** has been assigned temporarily to the Washington area by the Internal Revenue Department.

**Captain John Nicholson** is "somewhere in France."

Tops on the list: Congratulations to **Pvt. John Francis ("Framingham") Murphy**, who was awarded the Combat Infantryman's Medal. He will be remembered best as one of "Doc" Azuala's Star Performers.

From the Sugar Bowl City, **Cpl. Jim Dowd**, a U.S. Army Italian interpreter, sends a fistful of interesting news, reportedly picked up at the B.C.-Harvard fracas:

**Harry Crovo, Lt., U.S.M.C.R.**, has just finished Artillery School at Quantico and will shortly leave for the land of Japs and sunshine.

**Lt. Tom Comer, U.S.C.M.R.**, has just completed Special Officer Training at Camp Le Jeune, N. C.

At Tufts, **Dan Shea**, and at Georgetown, **Ed Thomas** and **Ed McCall**, are back in "civies" continuing their dental education after the Army had informed them it was "Full-up" with dentists.

**Sgt. Jack Farrell** is reportedly overwhelming the natives of "La Belle France" with his knowledge of French, owed, of course, to B.C.'s own Andre Beauvivier and Jack Hayes.

**Jack Connery** is in Australia, "plotting Tojo's downfall", after completing his studies in Japanese at Washington.

Out in the No Man's Land of Boston Harbor, **Ted Bernhardt** is still chaperoning the Italian prisoner unit.

**Frank Tracy** last heard from in Kentucky.

In addition to the above much appre-

ciated avalanche of "info," Jim made it known that he would appreciate information on **Joe Stokes**, **Poul Niles**, **Tom Maloney** and several other old buddies. So would yours truly, so If you can, drop us a line. Incidentally, Jim's purpose at New Orleans is completion of the Army O.C.S. there. Good luck, Jim!

From the Pacific area we hear that a gala reunion of B.C. boys took place in the last fortnight. Illustrious '44ers among the 40-odd attendants of the Pearl Harbor affair were **Ens. Jack O'Keefe** and **Lt. Paul Burns**. Further innuendo has it that said Mr. Burns has a "Club Burns — For members only" in that vicinity!

Also steaming towards Tokio in an "LST" is **Ens. Jim O'Donnell** who is very proud of his short wave radio. He insists it can pick up any port of the world.

**Ens. Joe O'Donnell** has been "mum" of late, but was still in the South Pacific at last reports.

**Paul Dunn**, U.S.A., has swapped his Tennessee typewriter for a front seat in France where things have been "happening".

**Sgt. Gerord "Timmy" Mullen**, weather expert, last rumored to be in England.

**Ens. Wolter Fitzgerald** has taken over an LST and is on sea duty.

**Tom Potten** seen at Harvard game. He and **Jack Gallagher** were studying for the Navy somewhere near Washington at last notice.

**WE WONDER:** 1) If **Jim Oates** got to Naval OCS, or did he make the "Fleet Marines"?

2) When **Paul Cuenin**, USA, is going to answer our lost letter. If "**Little Joe**" **Noonan**, U.S.A., really is in Paris putting his French to good use. Whether **Flight Officer Norm Pheeney** has left Salt Lake City. And last, but not least, why we don't meet **John Duggan** some day at Harvard. John is in Med School there.

**Cpl. "Art" Brennan**, after a short furlough in time to see B.C. hit Harvard, is back where it's warm teaching chem warfare in South Carolina. **Len Collins** is really burning the midnite oil at Catholic U.

"Buddies" **Steve Stavro** and **Frank ("Joss Bow") Sidlauskas** had quite a reunion in the Stadium. Frank is now a "Jap" language expert for the U. S. Army.

**Joe Alves**, Lt. U. S. Army Air Forces, has taken on the "Big Mammies". He is getting his "B-29" instruction

somewhere in the New Mexico area. **Johnnie Cavanaugh** is still at Sylvanio.

**Ed Sheehan**, SM 3/c, has to his credit over a year's convoy duty on the North Atlantic. He is attached to a "D.E." Such hazardous duty certainly has earned for him our congratulations.

Over at Harvard, **Lt. Tom Fitzgerald** and **Lt. Leo Monks**, both U.S. Signal Corps, are receiving seven months' advanced training.

**Ens. Ed Doherty** has been a conspicuous attendant at recent B.C. football performances.

**Ens. Lorry Greene**, stationed a bit south of here, calls in frequently. Down in Kentucky, **Bing Lambert** has been partaking in Army maneuvers. Seen at Alumni Field as the Eagles met P.T.'s, **Ens. Joe Sullivan** is about to leave for sea duty after several months' special instruction at Harvard and M.I.T.

Also Midshipman **Walter Collins** representing our Tufts Medical Contingent.

**Ens. Mike Fortunato** is a Communications Officer aboard on LST somewhere at sea.

**Ens. Jack Elliott**, speaking for **Bill Dunn**, **Mike Gorgan**, **Joe Bone** and the myriad B.C. boys in the French theatre of operations, reports everything "jake" even though the job is taking a little longer than they expected.

**Midshipman Gene Lofore** seen hurrying to "Lab" at Tufts one morning. If our brakes were good we would have stopped. Also spotted chaffering to Emanuel that day was **Midshipman Poul Flynn** of the same outfit.

Congratulations to the Class are in order for a splendid showing in the War Fund Drive. And if you have not contributed yet it's not too late. Commissioned October 4 at Quantico was **Lt. Bill Christie**, USMC.

1st Lt. **John Blute** is engaged to Miss Virginia Glancy of Salem. John came back from overseas last month and is an instructor in the Army Air Corps at Marianna, Florida.

**Sgt. Harold Rubin** is the first member of the Class reported to be in Germany putting to use the German he acquired while in the A.S.T.P. at Ohio State.

## 1945

**VINCENT M. BURNS**

28 Glen Road, Jamaica Plain

The Class of 1945 extends its deepest sympathy to the parents and relatives of its hero member, **Sgt. Albert J. Ruback**, who was killed in action in France on August 29.

We sincerely hope that **Sgt. Herbert Ellis**, who has been listed as missing in action since July 24 after an air raid over Lintz, Austria, will soon be reported found.

**John E. "Judge" Connelly**, who has been learning the lore of underocean navigation at a sub-chaser school in Florida since June 29, when he was commissioned Ensign, USNR, at Columbo University, informed us on his latest visit to the Cafeteria that he was en route to the West Coast to pick up a submarine chaser which would head for the South Pacific and active duty.

**Robert Owens** was recently appointed a cadet in the United States Coast

Guard Academy, transferring from the Army.

**Lieut. Doug McGillivry** has exchanged his rattletap car for a B-17 Bomber.

According to latest reports, **Sgt. Tom "T.P." McGrath**, star bowler of Junior B, is applying his bowling skill to grenades somewhere in the European Theater of Operations. His closest rival for bowling honors, **Ensign Paul J. O'Sullivan, USNR**, was seen recently renewing old acquaintances in his favorite Boston night spots. Paul is stationed at the Torpedo Station in Newport.

The inseparable Mutt and Jeff of 'Heights' fame, **Pvts. Ed. Desaulniers** and **Paul Dawson**, stole two days from their travelling time to visit home sweet home and the campus while en route from Camp Crowder, Missouri, to Fort Monmouth, New Jersey, where they will spend the next few months learning the what-to-do and how-to-do-it of radio under the tutelage of the United States Army Signal Corps. They brought us word that **Jim Sullivan** of Lowell is experiencing the rigors of basic training down in Florida.

**Pvt. Jim McCourt** of the 617th Fire Control Company stationed at Texarkana, Texas, spent his recent furlough trying to discover where all the old familiar faces had gone.

Paul Flynn, and Midshipman Bernard L. Willet** have graced its laboratories and classrooms since early October. **Midshipman Tom McEntee** has been at Tufts Dental since October 4.

The United States Naval Training Station has played host to several distinguished men of '45 since August: **Joe Cancelliere**, class president, who took in the B.C.-Syracuse game on his last leave; **Jack Nea, Ed Lembo, Tom Healey** and **Frank Toland**. Little **Frank**, who looks a great deal bigger in his Navy tags, is on his way to saying, "Open wider, please," at sunny California and on amphibious squadron. This will be a welcome change after the rigorous boot training at Sampson which is "mighty cold", so he says, this time of year. Tom Healey has been admitted to

Radio School and will spend the next several months mastering the science of Radio. Ed Lembo expects to stay at Sampson to pick up some medical knowledge and experience.

**Charles V. Earley**, who was recently made a first lieutenant, is still leading his group as crew commander in Italy.

**Lieutenant Ernest J. Graustein, USMCR**, visited the Heights on his last leave during which he cheered B.C. on to victory over Syracuse. He has returned to Camp Lejeune, N. C., for reassignment to active duty which he expects will take him to Pacific waters. Erny graduated from Reserve Officers' Training School and was commissioned on September 30, in company with several other B.C. 45-ers, among them, **Lt. Jake Cuniff, Lt. John Keeley, Lt. Ed McNulty, Lt. Joe Murphy, Lt. Daniel Eneguess, Lt. Jim Ronayne**. Jim left for the West Coast immediately after being commissioned.

**Sgt. John Mitchell** is through with his furlough which will probably be the last for some time.

**Lt. (jg) Bob Maher** is keeping the port of Boston functioning and dying to get away.

Two important events that we missed were the marriage of **Pvt. Bab Dunn** to Betty Manning in June and **Sgt. Jim Travers** to Mary Welch in April. **John Keane** is now a "happy civilian" grocery Central Square in Lynn, doing accounting with a reputable firm, and studying at Suffolk Law School.

We know that Jim will accept the sincere sympathy of his classmates wherever they are. . . . **Lt. **DONALD R. McARDLE**  
79 Oakland Street, Brighton

The deepest sympathies of the class are extended to the relatives and friends of **Lt. Edward Conroy**, USMCR, who gave his life for his country in a recent engagement in the Pacific War. Ed was a great pal to most of us in our years at the Heights, so that we all feel a personal loss from his untimely death.

A letter received from **Ensign Fred Anderson**, now on operational duty on an LST out of Pearl Harbor, tells of a B. C. Club which has been organized out at the Mid-Pacific base. The idea is a wonderful one and it shows the close relationship of all B. C. men no matter where they may be. Let's hope that some of our classmates who are in the Pacific area are fortunate enough to be able to attend a meeting of the Club.

**George Apps** is doing splendidly in his job with Naval Lend-Lease at Washington, D. C.

**Pfc. Bob Murphy** is now a U. S. Army payroll auditor at Miami, Florida. Bob expects to be home on furlough in November.

**George McLaughlin** is stationed in Belgium.

A short time ago we on the home front had a dinner party for our former professor, Mr. Drummond. Present in the group were **Joe Gannon**, **Charlie Jacobs**, **John Lang**, **Jim Catter**, **Stan Dmowski**, **Ed Hennessey** and yours truly. We dined at the Terrace Room of the Hotel Statler and really had a grand time exchanging our accounting class memories. Of course none of us had our homework done, but we were forgiven "en masse."

**Pvt. Ray "Dutch" Holland** was home on furlough when he completed his training at Radio School in California, and has now returned to his original outfit at Fort Monmouth, N. J.

**Ensign Charlie Manning** writes from the Central Pacific that all is going well with him. Charlie must have enjoyed his stay in California very much, because he became engaged to Shirley Rippingham, a California gal, while he was there. Congratulations, Charlie, and the best of luck on your plans to settle in California when the war is over. Charlie has seen both **Marty Coleman** and **Bill Daly** in his travels.

**Ensign Frank Harris** is awaiting shipment at Coronado, California.

**Ensign Leo Wilson**, who was in the invasion on D-Day, writes home that he is playing softball on a team made up of his shipmates from his LST. It seems as though Leo's training at B.C. has been holding up pretty well, as his team has won 11 out of 13 games. Keep it up, Leo!

**Ed Hennessey** is now working for Lybrand, Ross Brothers & Montgomery, along with yours truly, and enjoys public accounting very much.

**Jim Catter** and **John Lang** have been auditing in Maine recently. John expects to return to the West Coast sometime in the near future.

Also joining our group in public accounting is **Joe Dee**.

**Ensign Bob Campbell** is now stationed at Fort Pierce, Florida, where he is training on the Navy's small attack boats.

Quite a number of the boys of our class are on their way, or at least

unheard from since their arrival overseas. Among these are: **Cpl. Thomas Cunniff** of the Infantry and **Cpl. Franny Dunne** of the Engineers. **Walter "Chief" Avery and Ed McMorrow**, both of the U. S. Army, are believed to be on their way too.

**Cpl. Dick Hossey** is still an active duty in China itself, while **Pfc. Dick Costello** is now at the Santa Ana Air Base in California acting as an interpreter for Chinese air cadets. Perhaps "Dick" and "Dick" will be able to chatter together in Chinese when they return to the Heights.

# Here's What Happens When Foods Make a "Beeline" To A&P

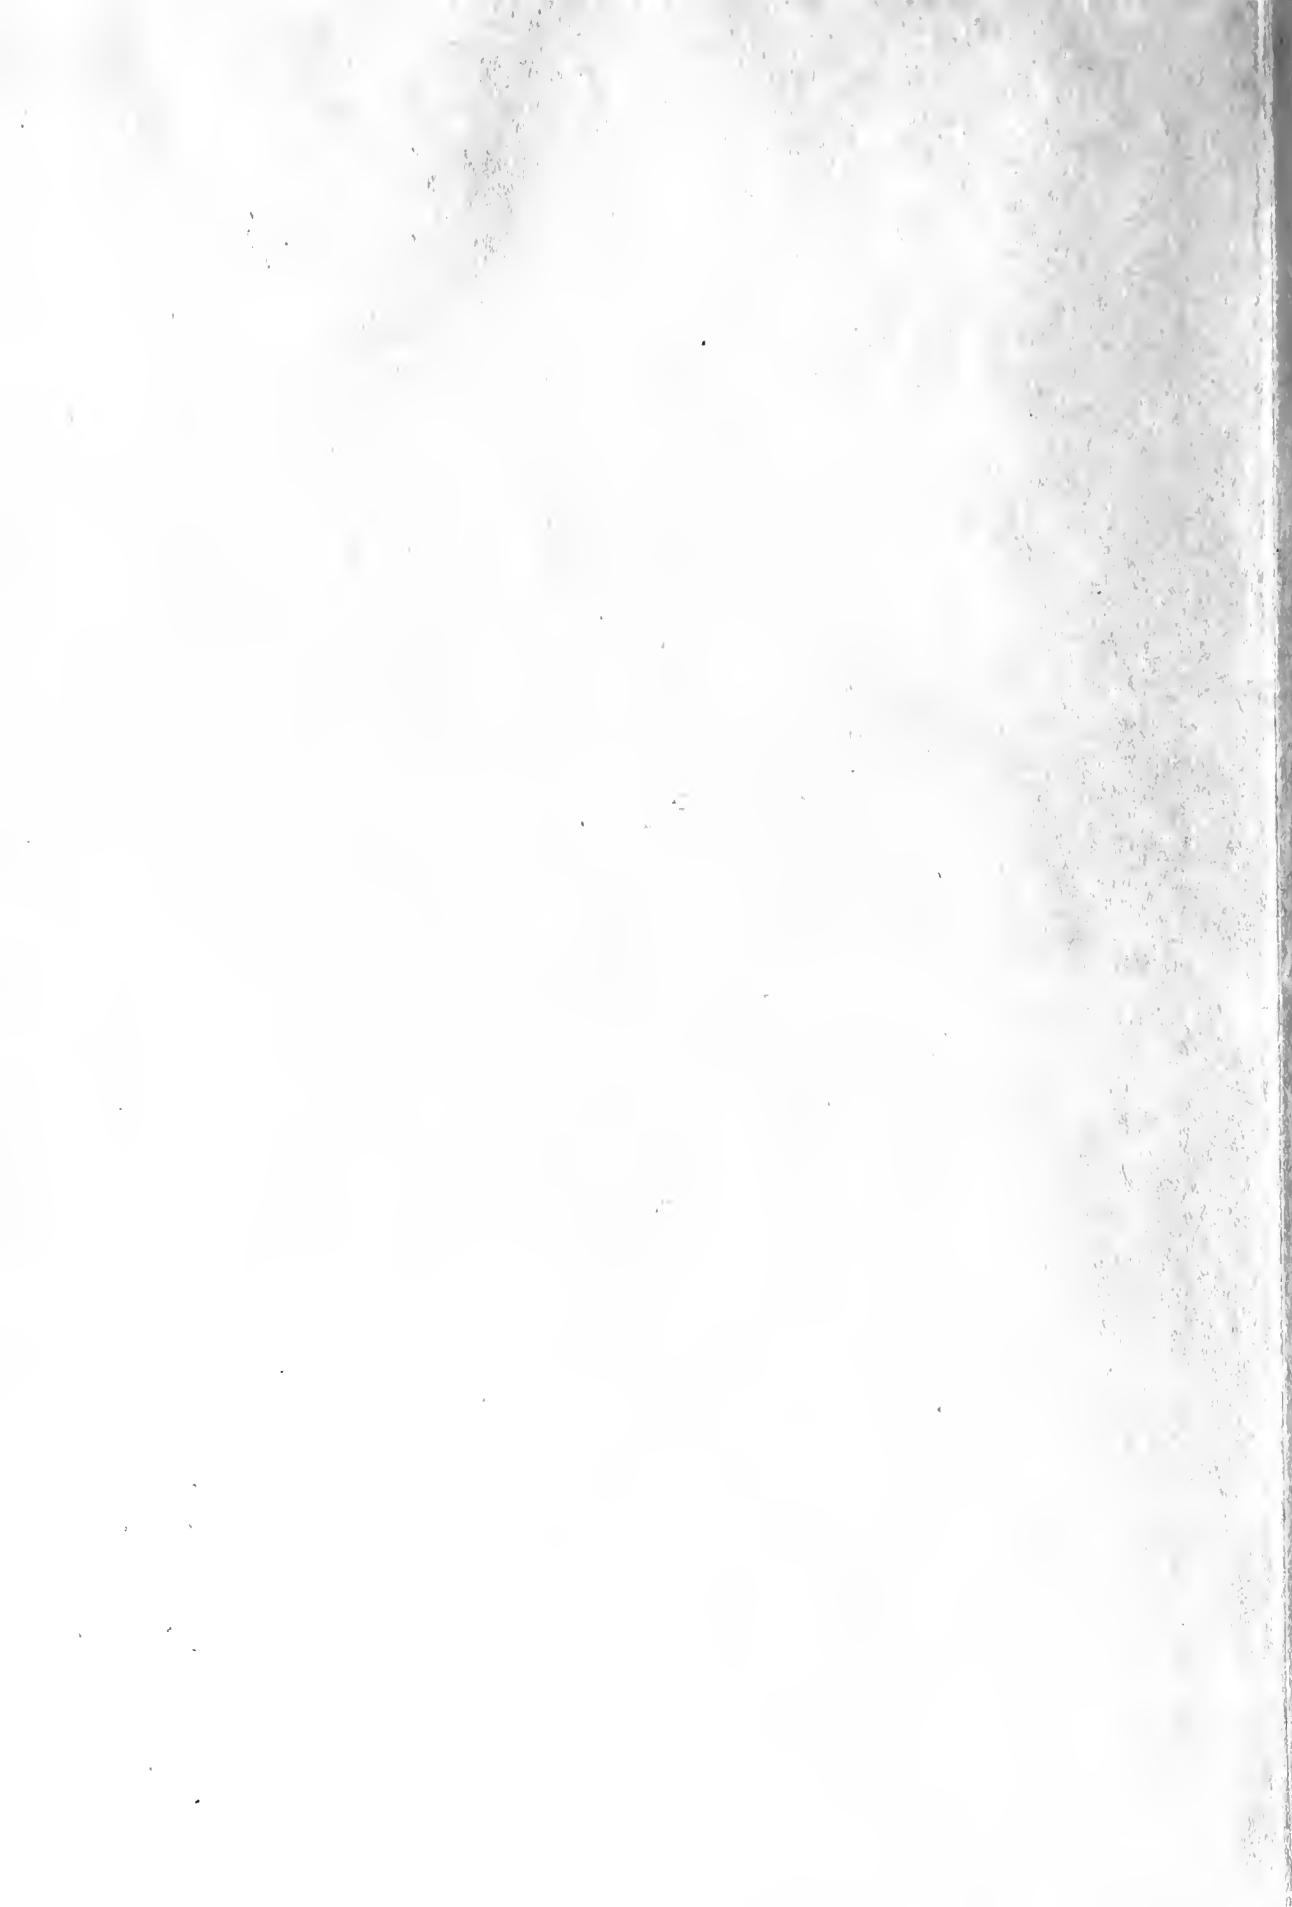

A "beeline", as you know, is a fast, direct route. When foods follow a "beeline" from producers . . . . from growers and processors . . . to retail stores, expense is saved. Many usual charges for handling and part of the expense of transportation are cut from the cost of bringing foods from their source to you. A&P is an old hand at finding "beeline" ways to bring you the best of the Nation's good things to eat. That is why so many thousands of American families depend upon A&P to bring them the very utmost for their food dollars. And remember this, please: A&P will continue to search for new and more efficient methods . . . to save you money.
